Table 2 - Submissions Moderated Since 1995

Of concern is the very small number of ITPs submitting modules for moderation now that the moderation process is compulsory for the Diploma in ICT, although much of this is due to fewer ITPs offering DipICT now.

Comments/suggestions for change made by moderators concerning the current prescriptions of modules included in this round are as follows:

 MW610

- Consider removing topic 8 as it does not appear to fit the overall context of the module
- A suggestion that outcomes 3 and 5 be revised – see the yellow summary sheet for the particular suggestions

The above comments and suggestions for change will be taken into consideration by Academic Committee and Qualifications Focus Group of CITRENZ.

The current three yearly cycle CIC/Diploma Moderation Schedule can be found on the CITRENZ website.

Many thanks to the team of moderators for their continued input and work!
