Table 2 - Submissions Moderated Since 1995

There were no submissions for any of the following modules:

AA500, PR51n, BC600, DC600, GD600, IO600, IS600, NM640, PM600, SD700

Of concern is the very small number of ITPs submitting modules for moderation now that the moderation process is compulsory for the Diploma in ICT:

Comments/suggestions for change made by moderators concerning the current prescriptions of modules included in this round are as follows:

 BS370

- Consider incorporating the use of an accounting package

The above comments and suggestions for change will be taken into consideration by the group that continues the work of the Special Interest Groups of NACCQ's Curriculum & Quality Working Group. The ability to contribute to prescription changes is available to anyone once they have registered with any of the Special Interest Groups (SIGs)

The current three yearly cycle CIC/Diploma Moderation Schedule can be found on the CITRENZ website.

Many thanks to the team of moderators for their continued input and work!
